Our Value Proposition

Value Proposition

1.

Single Counterparty Relationship

A single counterparty relationship to access multiple markets with end-to-end services from execution, risk management, to post-trade processes and reporting.

2.

Cost-Effective and Scalable Solutions

Highly-scalable and fully-managed technology architecture which ensures minimal upfront investment, low operating costs and fast time-to-market.

3.

Technology-Driven and Client-Focused

Our dedication to client-centric technology means we continuously invest in future-proof innovation that our clients can benefit from in the evolving global capital markets.

Value Proposition

4. Extensive Market Coverage across 84 exchanges

GTN Asia offers over 3 million instruments across multiple asset classes and markets, with execution, real-time market data and post-trade services available.

5. Post-trade and custody services

We manage all aspects of clearing and settlement processes for you, including seamless processing of corporate actions, stock transfers, and more.

6. Flexible account structure to fit your needs

Choose between a disclosed account structure for your end clients, or omnibus account which ensuring client anonymity and control.
