Built by a family office. For a family office.

Eton Advisors, an MFO, was founded in 2009

They grew frustrated with marketplace tech (or lack thereof)

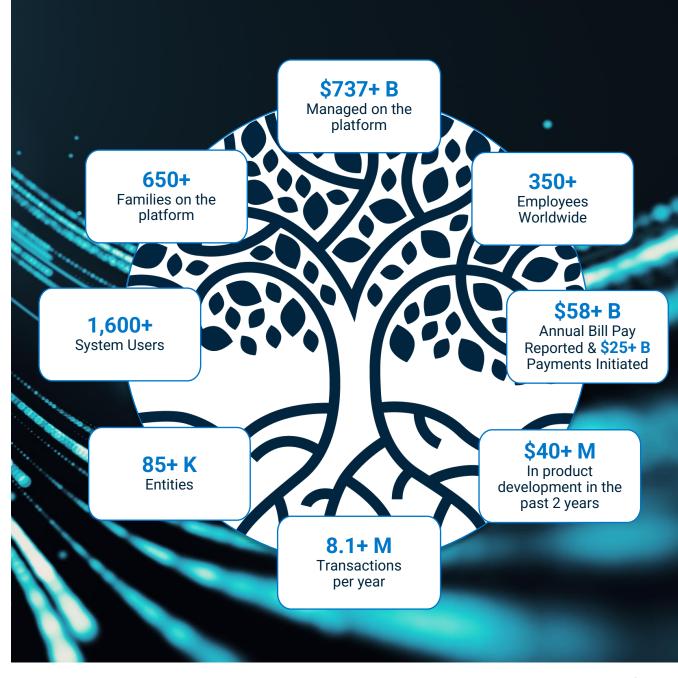

Decided to create their own integrated platform

Brought it to market as Eton Solutions & AtlasFive® in 2015

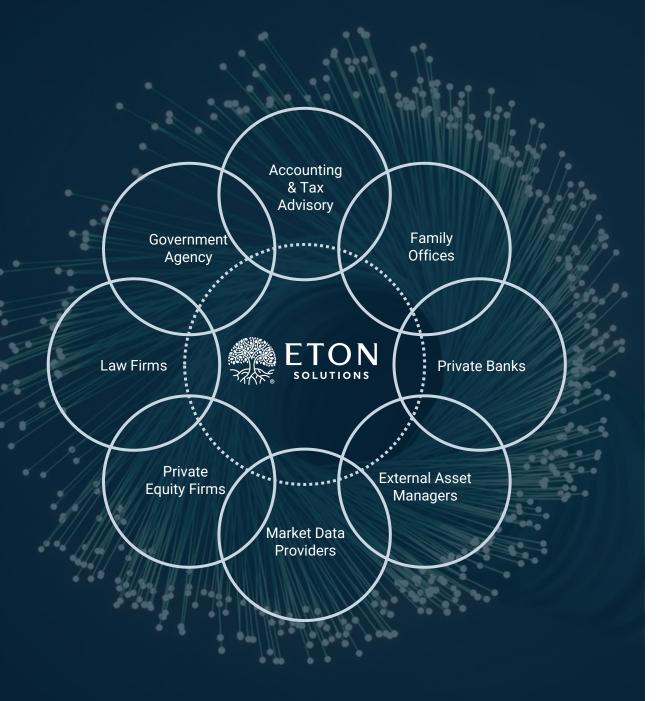

Eton Solutions & AtlasFive now have...

We collaborate with different partners to build up the family office ecosystem

We remain a non-advisory, agnostic and independent player in the family office ecosystem, and are open to collaborate with extensive partner networks to help our Family Office clients grow and scale up.

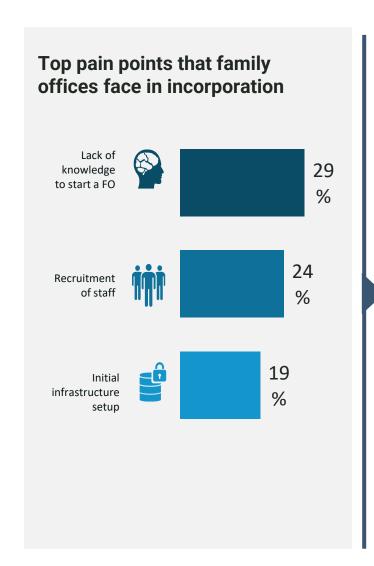

As a **unified platform**, we are a catalyst to support partners in helping family offices **achieve operational efficiency, cost savings and sustainable growth.**
